

Worry-Free Reporting

800-355-1185

Report as many incidents as you want without worry or concern of premium increases at renewal. Don't let claims or frivolous incidents keep you up at night. Let EliteMGA and our legal staff manage your risk so you can *grow your business!* With over 20 years of actual litigation experience, there is nothing our head of claims, **Attorney Joe Denneker**, has not seen when it comes to claims against home inspectors.

Pre-Claim Process

Our staff works together with you to formulate appropriate response strategies depending on each situation. If our claims professionals resolve the matter within your deductible, the incident doesn't appear on your loss history or adversely impact your premium. In addition, claims above the deductible don't result in an automatic increase either.
